The enacus petition was signed by twenty-seven Democratic Senators, practically all who are in the city. Telegrams for all absentees have been sent out.

Thaw's attorney announced that they would immediately file an amendment to their petition for a writ of labeas corpus, application for which was made soon after Thaw was arrested in this State, following his deportation from Canada.

The original petition was based on the allegation that Thaw was indicted for conspiracy by the Dutchess County grand jury, and it was suspended pending the Governor's decision upon the matter of extradition.

Because the extradition has now been granted on the strength of the New York County indictment it will be necessary to amend the petition accordingly.
